

**Training and Development Plan**  
Division of Air Quality

<b>Regional Office Ambient Monitoring – ECB Technicians</b>	Source for Training	Course No.	Time Frame
Introduction to Hazardous Air Pollutants	APTI	400	6-months
Monitoring and Evaluation of Hazardous Air Pollutants	APTI	401	6-months
Principles and Practices of Air Pollution Control	APTI	452	1-year
Introduction to Ambient Monitoring	APTI	SI 434	1-year
Atmospheric Sampling	APTI	435	1-year
Hazard Communication	DAQ	HazCom	Annual
Forklift Truck Driver Training	DAQ	FTD	Annual
Hand Tool Safety	DAQ	HTS	Bi-annual
Fugitive VOC Leak Detection	APTI	456	As needed
Statistical Analysis and Interpretation of Data for Toxic Air Pollutants	APTI	403	As needed
Quality Assurance for Air Pollution Measurement Systems	APTI	470	As needed
Statistical Evaluation Methods for Air Pollution Data	APTI	426	As needed
Analytical Methods of Air Quality Standards	APTI	464	As needed
General Quality Assurance Considerations for Ambient Air Monitoring	APTI	SI 471	As needed
