

Training and Development Plan
Division of Air Quality

Regional Office Permitting Engineer	Source for Training	Course No.	Time Frame
Introduction to Hazardous Air Pollutants	APTI	400	6-months
Monitoring and Evaluation of Hazardous Air Pollutants	APTI	401	6-months
OSHA HAZWOPER	NCSU	HAZ	Annual
Introduction to Permits	APTI	460	6-months
Effective Permit Writing	APTI	454	6-months
Intermediate Permitting	APTI	461	1-year
Principles and Practices of Air Pollution Control	APTI	452	1-year
Control of Particulate Emissions	APTI	413	As needed
Source Receptor Modeling	APTI	424	As needed
Continuous Emissions	APTI	474	As needed
Sources and Control of Volatile Organic Air Pollutants	APTI	482	As needed
Continuous Emissions Monitoring Systems	Rutgers	CEMS	As needed
VOC Sampling and Analysis	Rutgers	VOC	As needed
Industrial Ventilation Conference	NCSU	IND	As needed
Continuous Source Inspection	Rutgers	CSI	As needed
Advance NOx Emissions Control	Rutgers	ANOX	As needed
Compliance Assurance Monitoring	Rutgers	CAM	As needed
Enforcement of NSR/PSD Requirements	CARB	325	As needed
Combustion Evaluation	APTI	427	As needed
Control of Gaseous Emissions	APTI	415	As needed
